

Element Report Card

For this project you will need to use the Internet to research the elements in the Periodic Table. You can start with this website: www.chemicalelements.com

- Number of protons, neutrons, and electrons
- Atomic number and atomic mass
- Discovery information (person and date)
- How the element got its name/meaning of the name
- At least 3 common uses
- Picture or representation that illustrate one or more uses for your element
- You must have some **COLOR** in your report card!

<div style="border: 1px solid black; padding: 10px; text-align: center;"><div style="font-size: 2em; margin: 0;">O</div><div style="font-size: 1.5em; margin: 5px 0;">Oxygen</div><div style="font-size: 1.2em; margin: 0;">15.98</div></div> <p>P = ____ N = ____ E = ____</p> <p>• Discovered in _____ by _____</p> <p>• Name origin/meaning:</p> <p>• Important uses:</p>	<div style="text-align: right; padding-right: 10px;">8</div> <div style="text-align: right; padding-right: 10px;">Fill in the square with the information from the periodic table. * Be sure to follow the same format!</div> <div style="text-align: right; padding-right: 10px;">Research your element to find out who discovered or named your element and give the year.</div> <div style="text-align: right; padding-right: 10px;">Provide at least 2 uses for your element.</div> <div style="text-align: right; padding-right: 10px;">Provide one or more pictures or representations that show uses for your element.</div>
